

Name (optional): _____ BSc. ☐ MSc ☐ PhD ☐
Country of Origin: _____

Which is your main field of expertise? Other: _____

| | | | | | |
|---------------------|--------------------------|--------------------------|--------------------------|-------------------|--------------------------|
| Weather/ Climate | <input type="checkbox"/> | Engineering / Technology | <input type="checkbox"/> | Law | <input type="checkbox"/> |
| Business/ Economics | <input type="checkbox"/> | Natural Sciences | <input type="checkbox"/> | Social Sciences | <input type="checkbox"/> |
| Environment | <input type="checkbox"/> | Planning | <input type="checkbox"/> | Political Science | <input type="checkbox"/> |

Select the option that better represents the geographical area in which you have more Experience / Knowledge regarding climate change adaptation practice. Your answers MUST be based in this experience.

| | | | | | |
|-------------------------|--------------------------|---------------------------------|--------------------------|------------------------|--------------------------|
| European Union /ECC | <input type="checkbox"/> | China | <input type="checkbox"/> | Sub-Saharan Africa | <input type="checkbox"/> |
| Russia / Eastern Europe | <input type="checkbox"/> | Latin America and the Caribbean | <input type="checkbox"/> | USA and Canada | <input type="checkbox"/> |
| Asia-Pacific / India | <input type="checkbox"/> | Middle East & North Africa | <input type="checkbox"/> | Australia / N. Zealand | <input type="checkbox"/> |

You will find 13 statements regarding climate change adaptation. They all focus on situations related with bottom-up initiatives (those focused on the social component of vulnerability and with strong participation of individuals and low level institutions/organizations). Circle the number that better represents your level of agreement **considering** the experience you have had and the context you have worked on.

1. It is hard for Communities and Innovators of climate change adaptation practice to make their ideas work because of the existing Bureaucracy.

1 ----- 2 ----- 3 ----- 4 ----- 5
Strongly Disagree ----- Strongly Agree

2. Funding is a big problem for community based initiatives because of national economic situation.

1 ----- 2 ----- 3 ----- 4 ----- 5
Strongly Disagree ----- Strongly Agree

3. Limited national knowledge is produced and experiences are not valued enough.

1 ----- 2 ----- 3 ----- 4 ----- 5
Strongly Disagree ----- Strongly Agree

4. Laws must change significantly in order to match with the existing social claims regarding bottom-up initiatives.

1 ----- 2 ----- 3 ----- 4 ----- 5
Strongly Disagree ----- Strongly Agree

5. National authorities tend to focus more in the Bio-physical components of vulnerability, rather than focus on the social components of vulnerability.

1 ----- 2 ----- 3 ----- 4 ----- 5
Strongly Disagree ----- Strongly Agree

1 2 3 4 5
Strongly Disagree Strongly Agree

1 2 3 4 5
Strongly Disagree Strongly Agree

1 2 3 4 5
Strongly Disagree Strongly Agree

1 2 3 4 5
Strongly Disagree Strongly Agree

1 2 3 4 5
Strongly Disagree Strongly Agree

1 2 3 4 5
